(3) The average annual per recipient cost for RCA and RMA will be estimated separately, based on estimated per recipient costs for the most recent fiscal year, using available data, and inflated for the projected fiscal year using projected increases in per capita AFDC cash assistance costs for RCA and per capita AFDC Medicaid costs for RMA.

(4) The expected average number of RCA recipients will be multiplied by the expected RCA per recipient cost to derive estimated RCA costs. The expected average annual number of RMA recipients will be multiplied by the expected RMA per recipient cost to derive estimated RMA costs.

(5) State administrative costs for the projected fiscal year for all States in the aggregate will be estimated based on total actual allowable expenditures for State administration for the most recent fiscal year. The variable portion of administrative costs will be adjusted for changes in program participation and inflated by the Consumer Price Index (CPI) for all items as estimated by the Office of Management and Budget (OMB). The fixed portion of administrative costs will be adjusted by the CPI inflator only.

(6) The total estimated costs for the projected fiscal year will equal the combined estimated costs for RCA, RMA, and State administration as calculated in paragraphs (a)(1) through (5) of this section.

(b) If, as the Director determines, the period of eligibility needs to be changed from the eligibility period in effect at the time, the Director will publish a final notice in the FEDERAL REGISTER, announcing the new period of eligibility for refugee cash assistance and refugee medical assistance and the effective date for implementing the new eligibility period. States will be given as much notice as available funds will allow without resulting in a further reduction in the eligibility period. At a minimum, States will be given 30 days' notice.
